

## **The Cheering Section**

We are beginning a new column called The Cheering Section to encourage our members to write – and to submit their writing for publication. For this column, OCACW members are encouraged to e-mail notices about their recently accepted publication to our newsletter editor, Susan Willingham at [OzarksACW@yahoo.com](mailto:OzarksACW@yahoo.com) .

Both print and online publications “count.” We’re also interested in pieces you’ve had accepted, whether you earned money or not, even if the publication has not come out yet.

If you’ve been sending out pieces for publication and received an interesting rejection form letter or an actual editor’s rewrite/redirection letter, we want to know.

Kudos for writing efforts are important: successes encourage us all to write, failures can teach us all how to avoid some rejection letters. Let’s cheer each other on!
